

John Wilkinson Primary School: Pupil Premium

This plan outlines how our school will spend the Pupil Premium allocation for 2018-2019.

Pupil premium was introduced to address inequality. It is allocated to schools to allow them to support pupils who have been registered for free school meals at any point in the last six years. It is also allocated to children who have been in the looked after system as they too may need additional support to help them achieve their potential.

School are free to spend the Pupil Premium money as they see fit. Our approach is to provide children with rich learning opportunities, memorable experiences and an opportunity to work in a small group to address any gaps in their learning or to provide additional challenge. We create a supportive and calm environment for learning and try to enhance opportunities for children so that they can overcome any barriers they may have.

We have used research to help us decide which approaches and interventions will be most successful and have used feedback from OFSTED findings to help us make the best decisions possible.

	<p>Pupil Premium Strategy 18/19</p>
	<p>Total number of pupils on role : 196 Total numbers of pupils currently eligible for Pupil Premium Grant: 28 pupils (Pupil premium Pupils PPP, Ever 6 and Post LAC) .This will drop to 20 in the new academic year. Total Pupil Premium Grant allocated to John Wilkinson Primary school for 2018-2019 is estimated to be: £33940</p>
	<p>Our Targeted Areas</p>
	<p>In order to improve progress and outcomes for Pupil Premium Pupils we need to close the gaps between this group of children and other children at our school. We have made some progress towards this in recent years but still have further to go. We also need to meet the national averages for <u>all non-pupil premium</u> children, as this is the benchmark the government ask us to use.</p> <p>Aims :</p> <ul style="list-style-type: none"> Accelerate pupil attainment and progress further. Continue to ensure pupils have equal access to life enhancing experiences and provide opportunities for the children to experience new and exciting things through enrichment activities. Provide high quality learning support in an environment that enables children to talk about what they are finding hard and to then work towards improvement. To make learning interesting and fun by providing learning rich contexts.

School : John Wilkinson Primary
Academic Year :2018-19
Estimated budget for PP: £33940
Total number of pupils :196
Number of pupils eligible for Pupil premium across the school :Currently 28 but will decrease to 20 (FSM and Post LAC)
Date for next review : November 2019

<p>Current Barriers: In school</p> <p>Opportunity to identify areas for development and to work on these with support - small group or individual to personalise response.</p> <p>Reading opportunities</p> <p>Enabling access to residential activities</p> <p>Enrichment access</p> <p>Healthy choices</p> <p>Engagement and self esteem</p> <p>Attendance and punctuality</p>
<p>Current Barriers: External</p> <p>Access to enrichment activities which are costly for some</p> <p>Attendance and punctuality</p>

Pupil Premium Allocation 2017/18			Budget estimated £33940	
	Pupil premium pupils will benefit from:	Expected Impact	Cost	References
Quality first teaching L1				
Quality first teaching L1	Improved delivery of maths or literacy through additional teacher time.	Effective teaching and learning for PPP resulting in improved attainment and progress.	£3,665	References: The Sutton trust

	A teacher will work with pupil premium children to ensure high quality provision, which meets the needs of the individual children. (SP)	Use school data to evidence improvement in attainment and progress.		Oxford school improvement - The pupil premium Closing the gap: how systems leaders and schools can work together OFSTED
	Whole school enrichment A reason to talk - providing children with indoor and outdoor learning, visits, visitors- we call this curric+. The focus will include multi-cultural educational experiences and, this year, enrichment through music and the arts.	Provide PPP children additional experiences to extend their understanding of cultural opportunities.	£2000	As above
Classroom support L2 Pupil premium pupils will benefit from:				
Classroom support L 2	Improved classroom intervention through targeted support. Increased levels of TA support to ensure support for targeted PPP. This will allow children to accelerate their progress and allow swift response when gaps in learning are identified. Additional demands on the school budget resulted in decreased TA and we have used PPP monies to support the ratios in each class and provide additional support for PPP children and post LAC children.	Additional classroom support for improved adult pupil ratios and capacity to respond to gaps in learning promptly to provide immediate support or pre learning for pupil confidence. Use school data to evidence improvement in attainment and progress.	PPG monies £10,678 and £10,082 - £8897 supported through PP	References: The Sutton trust Oxford school improvement - The pupil premium Closing the gap: how systems leaders and schools can work together OFSTED
